Konica Minolta Listed among 2019 Global 100 Most Sustainable Corporations in the World

Tokyo (January 22, 2019) – Konica Minolta, Inc. (Konica Minolta) has been listed among the “2019 Global 100 Most Sustainable Corporations in the World” (2019 Global 100).

Konica Minolta was named one of the 2019 Global 100, to be announced by Canada-based Corporate Knights in conjunction with the annual meeting of the World Economic Forum (WEF) (Davos Meeting) to be held from January 22 to 25, 2019 in Davos, Switzerland. This is the second time for Konica Minolta to be included on the prestigious Global 100 list following 2011.

The 2019 Global 100 were selected from among 7,536 major companies around the globe based on an evaluation of environmental, social, and governance indicators as well as the ability to promote diversity and innovation. 8 Japanese companies are on this global list of corporations that excel in sustainability.

Konica Minolta has set the goal of becoming a global company that is vital to society by continuing to create new values that bring innovations to the world in cooperation with stakeholders around the world. To achieve this goal, and in light of the changing social landscape and business environment, Konica Minolta has identified the following six material issues to be addressed with priority, and integrates corporate social responsibility into its management focusing on these issues.

- ◆ Environment ◆ Social innovation ◆ Customer satisfaction and product safety
- ◆ Responsible supply chain ◆ Human capital ◆ Diversity

By promoting global initiatives in line with these material issues on a group-wide basis, Konica Minolta hopes to contribute to the evolution of the business community and society at large, and to the achievement of the UN Sustainable Development Goals by 2030.
