Konica Minolta Selected for the 2025 CDP Supplier Engagement Leader

Tokyo (May 26, 2025) – Konica Minolta, Inc. (Konica Minolta) has been selected for the 2025 CDP Supplier Engagement Leader in the Supplier Engagement Rating for the sixth consecutive year by CDP, an international not-for-profit organization working to achieve a sustainable economy.

Supplier Engagement Rating assesses how effectively companies are working with suppliers on climate change issues based on the companies' responses to selected questions.

Konica Minolta notes that this recognition is the result of its efforts in cooperation with customers, suppliers and other business partners.

Konica Minolta is working with suppliers to understand and reduce greenhouse gas emissions, and is enhancing the effectiveness of the entire supply chain through information sharing, dialogue, and capacity improvement support to reduce environmental impact.

Konica Minolta will continue to deepen collaboration with customers and suppliers and contribute to the realization of a decarbonized society.

About CDP

CDP is a global non-profit that runs the world's environmental disclosure system for companies, cities, states and regions. In 2025, more than 24,800 companies disclosed data through CDP at the request of more than 640 financial institutions with over \$127 trillion in assets. Fully TCFD aligned, CDP holds the largest environmental database in the world, and CDP scores are widely used to drive investment and procurement decisions.
