

Konica Minolta, Inc. 3rd Quarter/FY2024 ending in March 2025 Consolidated Financial Results

Toshimitsu Taiko
President and CEO

Three months(3M): October 1, 2024 - December 31, 2024

Nine months(9M): April 1, 2024 - December 31, 2024

- Announced on February 6, 2025 -

Complete management reform in FY2024

- Breaking away from the past, took a major step for reform and saw positive effects
- Improve profitability in office unit in addition to pursuing growth of strengthening businesses
- Implement global structural reforms to improve productivity, and accelerate business selection and concentration

FY22

FY23

FY24

FY25

FY26-

Phase1
Breaking away
from the past

Phase2
Business selection and
concentration

Phase3
Establishing
foundation for
growth

Renewed
trajectory for
sustainable
growth

FY24 9M Results

- Significant increase in business contribution profit
Stabilized profitability of office unit and earnings growth of production print units
- Significant operating loss and loss attributable to owners of the Company due to recording of impairment losses in sensing and optical components unit
- Continued high finance costs and deterioration in tax expenses

Medium-term Business Plan | Progress

- **Business selection and concentration:**
Concluded an agreement to transfer all shares of Ambry and completed closing
Changes in the equity transfer Agreement for optical components unit
- **Global structural reform:** Progress ahead of schedule

Medium-term Business Plan | Issues

- **Strengthening business profitability:**
Earnings deterioration in sensing, performance materials and healthcare units
Behind the target of turning profitability for industrial print unit in Q4

FY24 9M Results

Business Contribution Profit

Company overall
¥28.8 billion
(YoY +¥10.7 billion)

Office **8.3**%
(YoY +1.8 pt)

Business Contribution Profit Ratio

Company overall
3.5%
(YoY +1.2 pt)

Production Print **9.7**%
(YoY +0.8 pt)

Revenue

Industry
¥89.2 billion
(YoY -¥0.9 billion)

Profit

attributable to owners of the Company

Company overall
-¥13.4 billion
(YoY -¥9.3 billion)

FY2024 9M PERFORMANCE OVERVIEW

KONICA MINOLTA

FY2024 9M Performance | Summary

- Revenue: Increased
- Gross profit: Improved profit ratio mainly through revenue increase and cost reduction including production in Business Technologies Business
- Business contribution profit: SG&A containment and loss reduction of direction-changing business
- Operating profit: Recorded business structure improvement expenses of ¥17.6 billion (global structural reforms approx. ¥13.0 billion, ending production of Wuxi factory, selection and concentration of DW-DX unit, and additional structural reform in sensing unit etc.)
Recorded impairment losses of ¥29.1 billion (incl. ¥28.2 billion in sensing and optical components units)
- Profit attributable to owners of the Company: Recorded a profit of ¥23.4 billion through the transfer of Precision Medicine Business
Loss due to continued high finance costs and deterioration in tax expenses

	[¥ billions]

From the Q3 of the consolidated cumulative period, Precision Medicine Business has been classified as a discontinued operation. Accordingly, the figures related to discontinued operations excluded from revenue through profit before tax retroactively applied to the beginning of FY24. The profit attributable to owners of the Company represents the sum of profits from continuing and discontinued operations. The figures of FY23 have also been restated in the same manner. Please refer to P.26 for the FY23 results regarding Precision Medicine Business.

FY2024 9M Performance | Business Trends of Industry

Revenue (YoY)

Sensing -1.1	(-) Light source color: Major customers' restraints on capital investment, harsher competition for some applications (+) Object color: Steady mainly in Asia despite decline in Europe and the U.S. (+) HSI: Strong mainly for recycling applications (+) Automotive visual inspection: Increase mainly in Europe and the U.S.
Performance materials +1.0	(+) TV: Decline in demand for TAC films, growth in SANUQI films for large-sized TV (+) Smartphones: Recovery trend from inventory adjustment in supply chains (-) IT: Decrease due to panel market stagnation
IJ components +0.3	(+) Fundamental: Steady for sign graphics in Europe, the U.S., India, and South Korea (+) Growth: Launch of a long throw distance head, and progress in adoption mainly for cardboard printing applications
Optical components -1.2	(-) Non-industrial: Decrease in demand for pickup lenses (+) Upstream industrial: Growth driven by strong market performance for semiconductor manufacturing equipment application

Business Contribution Profit

Industry -1.8	(-) Performance materials: Increase in SG&A expenses due to increased production testing and new products development testing (-) Sensing: Decrease in gross profit due to revenue decline
-------------------------	---

Sensing

- Due to the impact of restrained large-scale capital investments by major customers and intensifying competition for some applications, the operating profit of Radiant Vision Systems and Instrument Systems deteriorated, and signs of impairment were observed.

As a result of impairment testing, the recoverable amount was less than the carrying amount, resulting in goodwill impairment losses of ¥23.6 billion in total

- **Enhancing competitiveness and business management efficiency through strengthening key account management as one globally**
- **In addition to improvement of display area, shifting to solid earnings foundation through continuous growth of automotive visual inspection and Hyper Spectral Imaging etc.**

Optical components

- In the negotiations toward closing, it was decided Konica Minolta Opto (Dalian) is excluded from the scope of transfer (Transfer 80% of the equity of Konica Minolta Optical Products (Shanghai))
- Consequently, during the process of suspending classification into assets and liabilities held for sale and transferring to ordinary assets and liabilities, the carrying amount was decreased to the recoverable amount. As a result of that, ¥4.6 billion recorded as impairment losses for property, plant, and equipment, among others.

- **Continuously strengthening the products for semiconductor manufacturing equipment applications as optical components unit**
- **Increasing the production efficiency of non-industrial lens units, which we continue to sell, and enhancing profitability through structural reforms**

FY2024 9M Performance | Business Trends of Professional Print

[¥ billions]

Business Contribution Profit

Revenue

(YoY)

[Revenue]	FY24 9M	w/o FOREX	FY24 Q3	w/o FOREX
Hardware	+4%	-2%	-6%	-8%
Non-hard	+8%	+2%	+4%	+2%

[Units]	FY24 9M	FY24 Q3
Color models	-1% (HPP+24%)	+1% (HPP+1%)
Monochrome models	-9%	-9%

Production print +7.7

- (+) Hardware: Sales decrease in Europe and the U.S., strong in India
- Sales volume in Q3: Recovery in MPPs, Steady in HPPs
- (+) Non-hard: Increase in the U.S., China, and India

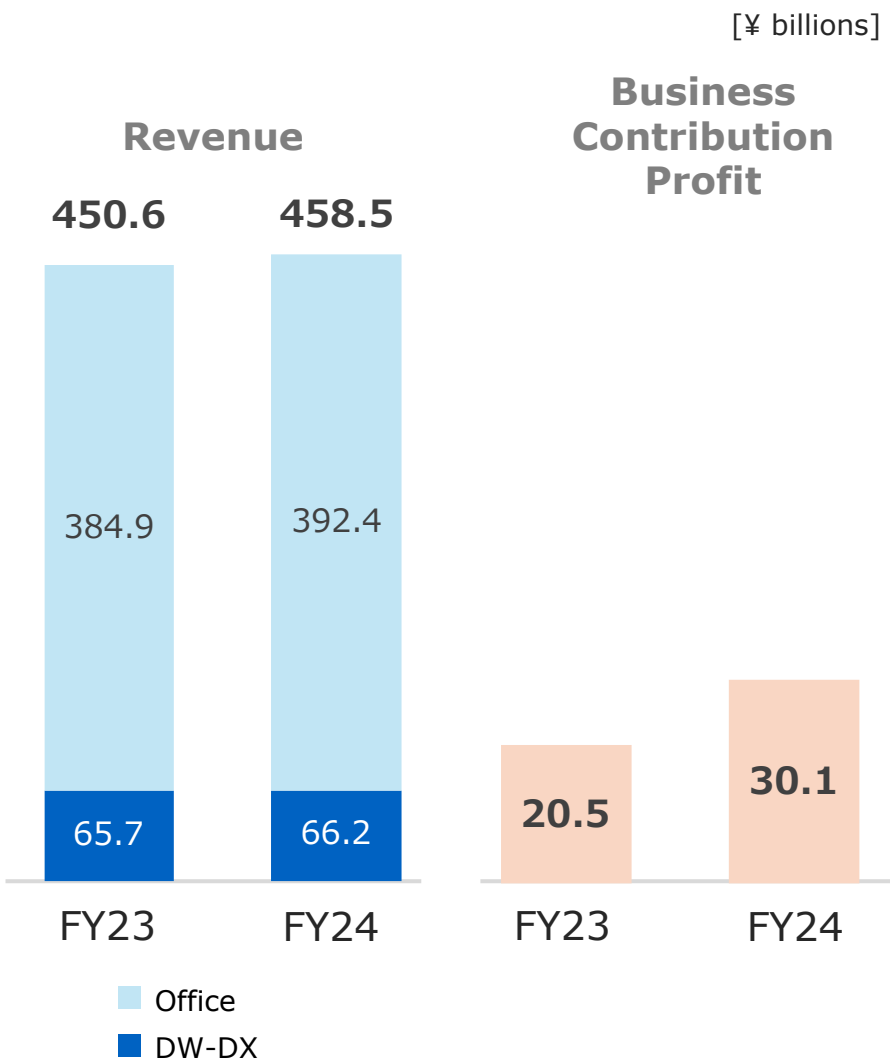

Industrial print +4.2

- (+) Hardware: Sales volume increase of inkjet, and volume decrease of label, embellishment, and textile
- (+) Non-hard: Increase in sales in all areas due to the cumulative number of printing machines in operation

Business Contribution Profit

Professional Print +1.9	<ul style="list-style-type: none"> (+) Production print: Increase in gross profit due to yen depreciation and sales growth, and structural reform effect (+) Industrial print: Loss reduction due to volume increase (delay in turning profitable in the Q4)
--------------------------------	--

FY2024 9M Performance | Business Trends of Digital Workplace

Revenue		(YoY)			
		FY24 9M	w/o FOREX	FY24 Q3	w/o FOREX
Office +7.4	[Revenue]				
	Hardware	-1%	-6%	-7%	-10%
	Non-hard	+5%	-0%	+2%	-0%
	[Units]				
	A3 color models	-8%		-10%	
	A3 monochrome models	-3%		-17%	
	(-) Hardware: Sluggish in Europe, the U.S. and China				
	(+) Non-hard: Decrease in Japan, the U.S., Europe, increase in China and India				
DW-DX +0.5	(+) Operation optimizing services: Strong in Europe				
	(+) AI SaaS services by industry: Strong in Japan				
	(-) Managed IT Services: Sluggish in the U.S.				
Business Contribution Profit					
Digital Workplace +9.6	(+) Office: In addition to yen depreciation, maintaining non-hard and production cost reduction, SG&A control including structural reform effect				
	(+) DW-DX: Loss reduction due to SG&A control, etc. achieved through narrowing down business areas				

FY2024 9M Performance | Business Trends of Imaging Solutions

Revenue		(YoY)
Healthcare +1.4	(+) DR: Decrease in hospital market in Japan due to investment restraint, increase in the U.S., Growth in Dynamic Digital Radiography in Europe and Asia (-) X-Ray film: Decrease mainly in China (+) Medical IT: Strong in Japan and the U.S.	
Imaging-IoT solutions, etc.*1 +0.8	(+) Monitoring camera solution: Sales of Mobotix remained at the same level as the previous year, solid in sales subsidiaries in Europe and the U.S. (+) Force Security*2: Strong	
Visual solutions +0.8	(+) Directly managed planetariums: Strong	

Business Contribution Profit	
Imaging Solutions Business -0.8	(-) Healthcare: Deterioration of gross profit ratio due to sales decline in X-Ray film and DR in Japan and subsequent decrease in production efficiency Considering additional measures to improve profitability (+) Visual solutions: Remained profitable (+) Imaging-IoT solutions, etc.*1: Decrease in loss due to SG&A expenses reduction

*1 FORXAI and QOL solutions, which were included in CO, etc. in FY2023, have been added
*2 Force Security: U.S. system integrator acquired in FY2023

MEDIUM-TERM BUSINESS PLAN PROGRESS

KONICA MINOLTA

Progress of the Medium-term Business Plan

Accelerate the completion of business selection and concentration, return to growth in strengthening businesses and reinforcement of financial foundation

Blue: Projects that have achieved results

Red: Projects that are behind schedule

Black: Projects currently underway

FY23-FY24 Q3

Strengthening business profitability	Utilizing third-party capital for non-focused businesses	<ul style="list-style-type: none"> ● Precision Medicine: Completed the all agreement for transfer ● Marketing services: Exclusion of domestic subsidiaries from consolidation ● Optical components: Concluded the agreement to transfer the equity interests in one Chinese manufacturing subsidiary
	Re-establishing the strategic direction of direction-changing businesses	<ul style="list-style-type: none"> ● DW-DX: Reduction in losses through reorganization, progress as planned ● Imaging-IoT solutions: Reduction in losses through review of sales resources
	Expanding revenue for Business Technologies Business	<ul style="list-style-type: none"> ● Office: Profitability improvement ● Business Technologies: Establishment of a joint venture with FUJIFILM Business Innovation ● Business Technologies: Decision to end production of factory in Wuxi, China
	Groundwork to establish a growth foundation	<ul style="list-style-type: none"> ● Strengthening business: Profitability deteriorating in fundamental fields (light source color, films for display, X-ray DR), delay in turning profitable in industrial print unit ● Strengthening business: Growth in focus products such as optical components for industrial applications, SANUQI, and Dynamic Digital Radiography ● Industry(cross-business): Progress in new business development across the business units in display area
Reinforcing revenue foundation	Global structural reform	<ul style="list-style-type: none"> ● Executed ahead of schedule
	Strengthening the financial foundation	<ul style="list-style-type: none"> ● Achievement of positive FCF by reducing working capital ● Reduction in interest-bearing liabilities ● Continued high finance costs and deterioration in tax expenses

Progress in Global Structural Reform and Business Selection and Concentration

Global structural reform progress ahead of schedule and continue our initiatives to improve productivity

Global structural reform

Number of Group employees: Trend/Plan

	End of Mar. 2024	End of Sept. 2024	End of Dec. 2024
Cumulative reduction number (incl. temporary and contract workers)			
Structural reform		1,597	2,110
Business selection and concentration*		511	556
*Business transfer of Invicro and some parts of DW-DX			
Group employees (regular employees)	40,015	38,516	38,263

Direction-changing business

Narrowed down region/country and business area
Execution started, progressing as planned

DW-DX

- Implemented business selection and concentration improved profit ratio in continuing areas
 - Completed transfer of MWA Intelligence, the U.S. Sales Company's ERP Solutions Division (Q1)
 - Completed transfer of HydraCloud, the IT infrastructure construction and operation business of Norwegian sales company (Q1)
 - Completed transfer of French IT training business (Q2)
 - Completed transfer of a part of the software business of French sales company (Q4)

Imaging-IoT solutions

- Review of sales resources and strengthening of solution sales
- Progress in structural reforms in Europe and the U.S.

Reinforcement of Financial Foundation | Status of Balance Sheet

FY24 Q3 results
(compared to the
end of FY23)

- Total assets -¥5.3 billion, w/o FOREX impact -¥29.8 billion
- Trade receivables: -¥20.5 billion | Reduction mainly in Business Technologies Business
 - Inventories: +¥27.4 billion | Increase due to the end production of Wuxi factory and sales decline in some units, etc.
 - Goodwill: -¥20.9 billion | Impairment loss, etc.
 - Intangible asset: -¥44.5 billion | Transfer to assets held for sale due to transfer of Precision Medicine Business
 - Assets held for sale: +¥60.2 billion | Transfer of Precision Medicine Business, etc.
- Interest-bearing liabilities -¥4.9 billion

End of FY23-Q4

1,388.1

End of FY24-Q3

1,382.8

[¥ billions]

FOREX	End of Mar.2024	End of Dec.2024
USD	151.41	158.18
EUR	163.24	164.92
RMB	20.83	21.67

Reinforcement of Financial Foundation | Inventories and Operating CF / FCF

- Inventory increase due to the end production of Wuxi factory and sales decline in some units
Deterioration of turnover(months) of inventory

Inventories

Operating cash flow / FCF

FY2024 EARNINGS FORECAST

Reinforcement of earnings foundation

- Completion of our global structural reforms
- Strengthening of cash generation capability including the utilization of cash generated through business selection and concentration
- Balanced capital allocation including business investment, debt reduction, and shareholder returns

Strengthening business profitability

- Completion of business selection and concentration
- Continuous improvement of the profitability of office unit
- Recovery of growth in the strengthening business from a long-term perspective

Establishment of a foundation for long-term growth

- Resource allocation of R&D including human capital for further business growth

**At first, we will achieve ROE of over 5% in FY2025
And then, pursue further growth**

Upcoming events

- Medium-term Business Plan Update Briefing Session: During April 2025 (Plan)
- FY2024 Financial Results Briefing Session: May 15th, 2025 (Plan)

- **Business Contribution Profit:**
Original index of the Company, the profit subtracted sales cost, SG&A from revenue
- **Color production print machine segments:** Production print unit
ELPP (Entry Light Production Print) Monthly printing volume: 0.1-0.3 million sheets for low-priced products mainly for large companies' centralized printing rooms
LPP (Light Production Print) Monthly printing volume: 0.1-0.3 million sheets for commercial printing
MPP (Mid Production Print) Monthly printing volume: 0.3-1 million sheets for commercial printing
HPP (Heavy Production Print) Monthly printing volume: 1 million sheets or more for commercial printing
- **Operation optimizing services:** DW-DX unit
Services that provides business content management and business process management
- **AI SaaS services:** DW-DX unit
Services developed in-house such as AI-based interpretation, knowledge management, and learning support
- **Managed IT Services:** DW-DX unit
Services that support all operations in a company's IT department. These wide-ranging services include support for a product's lifecycle, including the creation of plans for deploying things such as PCs and servers, operating systems, software, and networks, as well as the actual deployment, contracted operation and support, management, maintenance, and contracted collection
- **FORXAI:** Imaging-IoT solutions unit, etc.
Business unit that develops a company-wide common technology platform centered on AI technology
- **QOL Solutions:** Imaging-IoT solutions unit, etc.
Business unit that develops monitoring solutions for care facilities
- **HSI (Hyper Spectral Imaging):** Sensing unit
An imaging technique in which a wide range of wavelengths are divided into multi-wavelengths. This technique can be used to sort different types of plastics that cannot be identified by the human eye or an RGB camera
- **SANUQI:** Performance materials unit
Trademark of a new resin film, used as a material in electronic devices for displays
